VIDEO INTERCOM INTEGRATION WITH HOME AUTOMATION

It is possible to reduce costs in home automation projects by integrating the video intercom with the home automation system. FERMAX and ASTRUM offer a wide portfolio of devices to choose from, what makes an ideal choice in any project technical or budget requirements.

The integration is based in video OUTDOOR PANELS , that can call **ASTRUM INSPINIA 8" and 10"** touch panels.

It is also possible to use **FERMAX WIT** indoor intercom monitor to control home automation by installing an app and having a **ASTRUM MINI SERVER** that will serve as a home automation IP gateway.

On top of that, the system is full compatible with **call divert app MEET ME**, so that calls can be answered from the smartphone.

FUNCTIONALITIES

HOME AUTOMATION CONTROL AND VIDEO INTERCOM

FROM THE SAME TOUCH SCREEN PANEL

RTSP VIDEO STREAM CAN BE SENT IN PARALLEL TO A CCTV NVR RECORDER

REMOTE HOME AUTOMATION CONTROL BY CLOUD AND APP

SECONDARY DOOR OPENING

IP CAMERAS VISUALIZATION

BENEFITS

♦ It is possible to combine in the same project video intercom panels with different indoor monitors or touch panels at each apartment. It is possible to have **WIT** monitors in some apartments and **ASTRUM INSPINIA TOUCH PANELS** in other apartments.

♦ Integration and configuration time is reduced thanks to IP technology and its cabling system.

♦ Call divert function is something included by default in FERMAX WIT monitors without additional costs, or it can be purchased separately if there is no monitor (no recurrent fees). **Push notification based.**

♦ MEET ME app will receive the call in 8 smartphones per apartment that will ring at the same time.

INSTALLATION

ASTRUM INSPINIA 8" and 10" touch panels can receive MEET outdoor panels calls. The outdoor panel will use VoIP P2P SIP (without server) to call INSPINIA touch screen. The call can be forwarded to ASTRUM INSPINIA app.
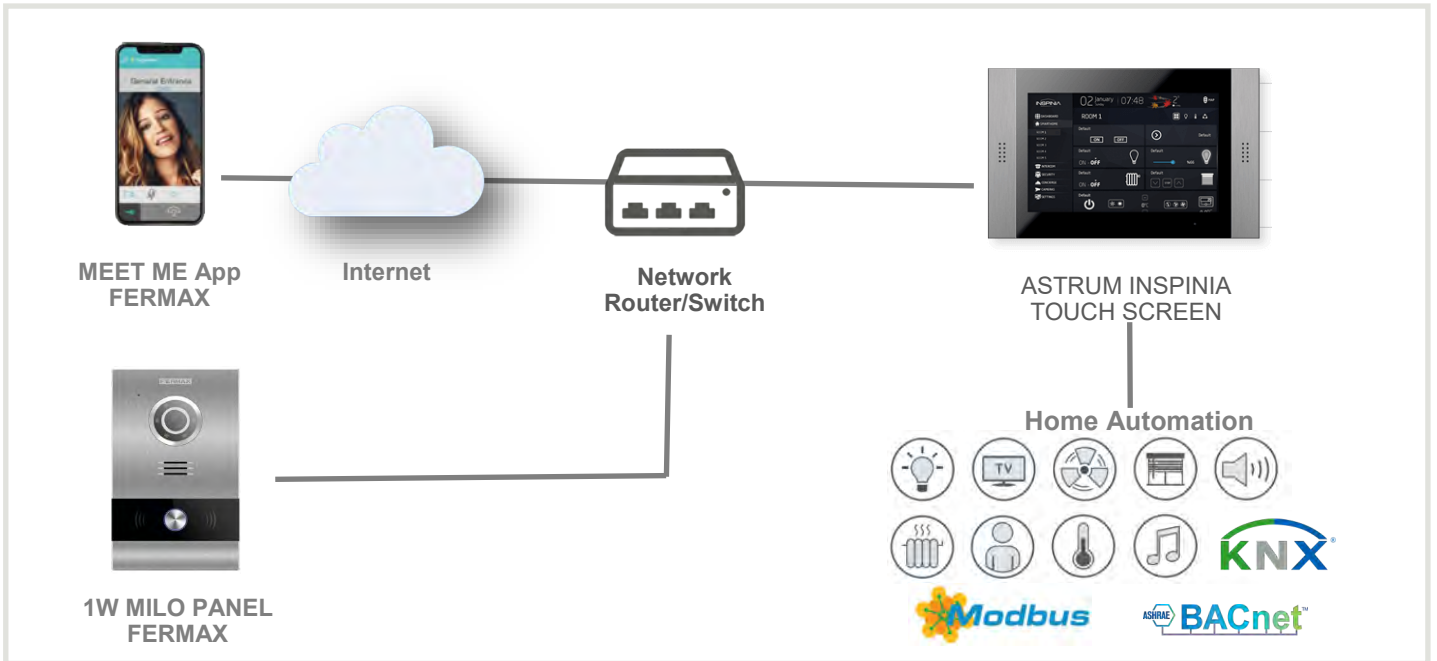

From WIT monitor is possible to control Home Automation using ASTRUM MINI SERVER range or 8" and 10" INSPINIA panels.

FERMAX MEET ME app has push notifications when a call is received and is included free of charge with WIT monitors or sold separately with the reference number REF.1496 MEET ME CALL DIVERT LICENSE.
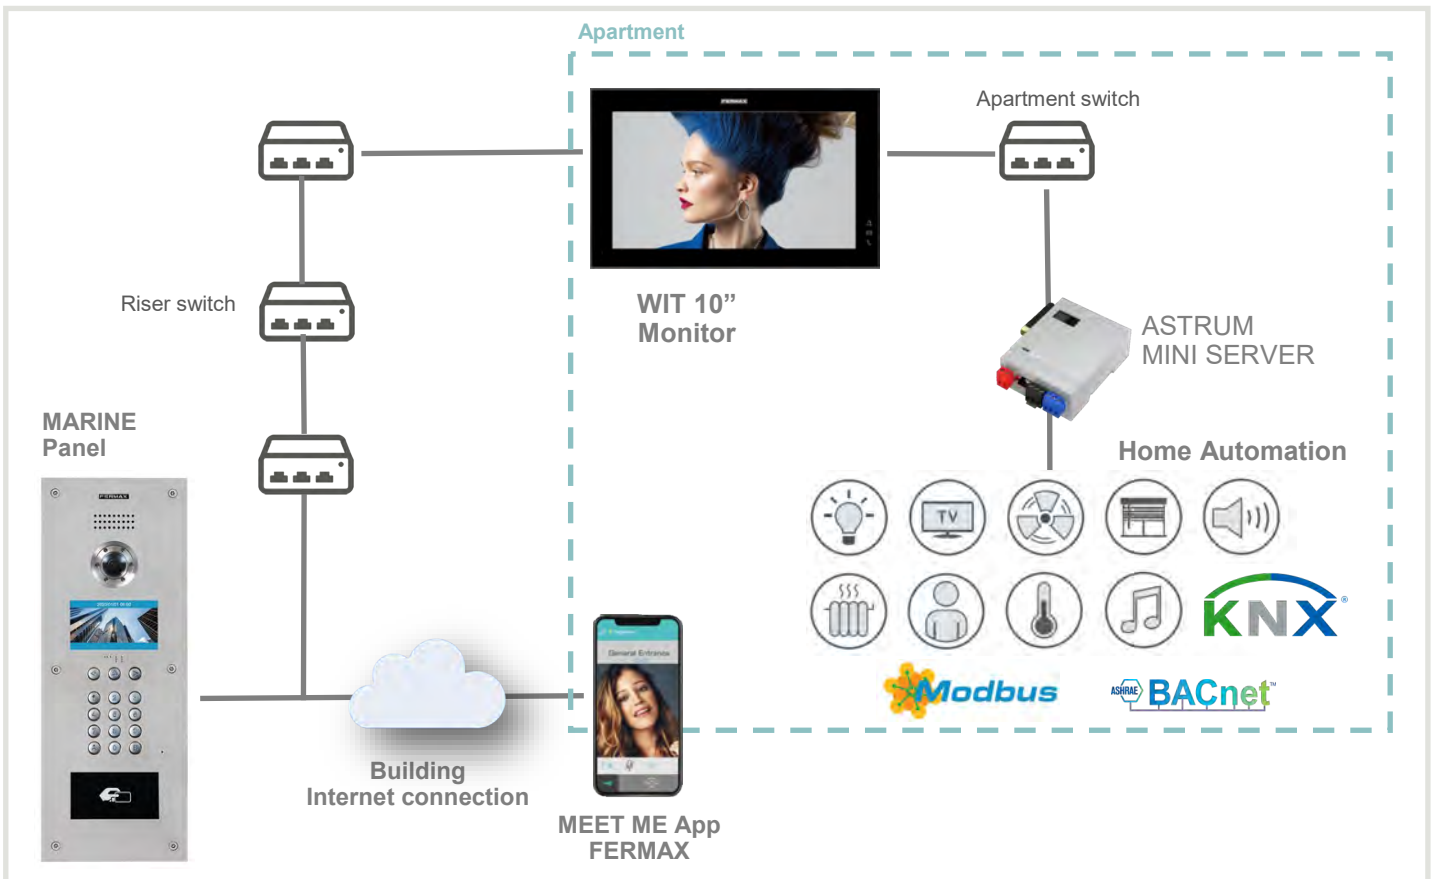

WHY FERMAX?

FERMAX is a worldwide reference in the video intercom industry. The products have been installed in the most emblematic projects in the world. FERMAX Distribution network, which is present in more than 70 countries, will provide the best Support and assistance.
