MEET IP SYSTEM AND ZENNIO HOME AUTOMATION

FERMAX

Zennio®

Z50, Z70 AND Z100 TOUCH PANELS INTEGRATION

IP
TECHNOLOGY

FERMAX

It is possible to reduce costs on home automation projects by integrating the video intercom system with the home automation using **a single user interface** as the main user interface to control **ZENNIO Home Automation**.

FUNCTIONALITIES

APP CALL DIVERT ON SMARTPHONE

SMARTPHONE HOME AUTOMATION CONTROL

HOME AUTOMATION CONTROL FROM INDOOR MONITOR

INTERNAL MONITOR INTERCOM

IP CAMERA VISUALIZATION FROM MONITOR

BENEFITS

◆ Integration costs are decreased by using a single touch screen, the **ZENNIO Z50, Z70 or Z100 series** indoor touch panels can integrate both systems, intercom and home automation.

◆ Solution aesthetic is improved since the amount of devices is minimized to 1 single user interface.

◆ Integration time and costs are dramatically reduced, since open standards are used and Android apps.

◆ All specific residential video intercom functionalities are provided by FERMAX MEET system, which is designed to offer the best user experience for tenants and visitors.

◆ With the 10" WIT video monitor, building IP network and home local network are completely isolated thanks to its 2 RJx45 interfaces.

ZENNIO Z50, Z70 or Z100 series indoor touch panels are SIP compatible, so that calls from outdoor panels can be answered using SIP protocol, implemented in **FERMAX MEET** Intercom system.

In the same way that home automation can be controlled by using **ZENNIO Remote** app, the doorphone call can be received in the smart phone using **FERMAX MEET** app. So in case that there is no **FERMAX MEET** indoor intercom, a separate license can be acquired to register the app. **MEET ME** app license **REF.1496**

FERMAX WIT monitors can be installed in the same IP network. In this way the call can be answered either from the ZENNIO touch panels, from the MEET WIT indoor video monitors or MEET ME call divert app.

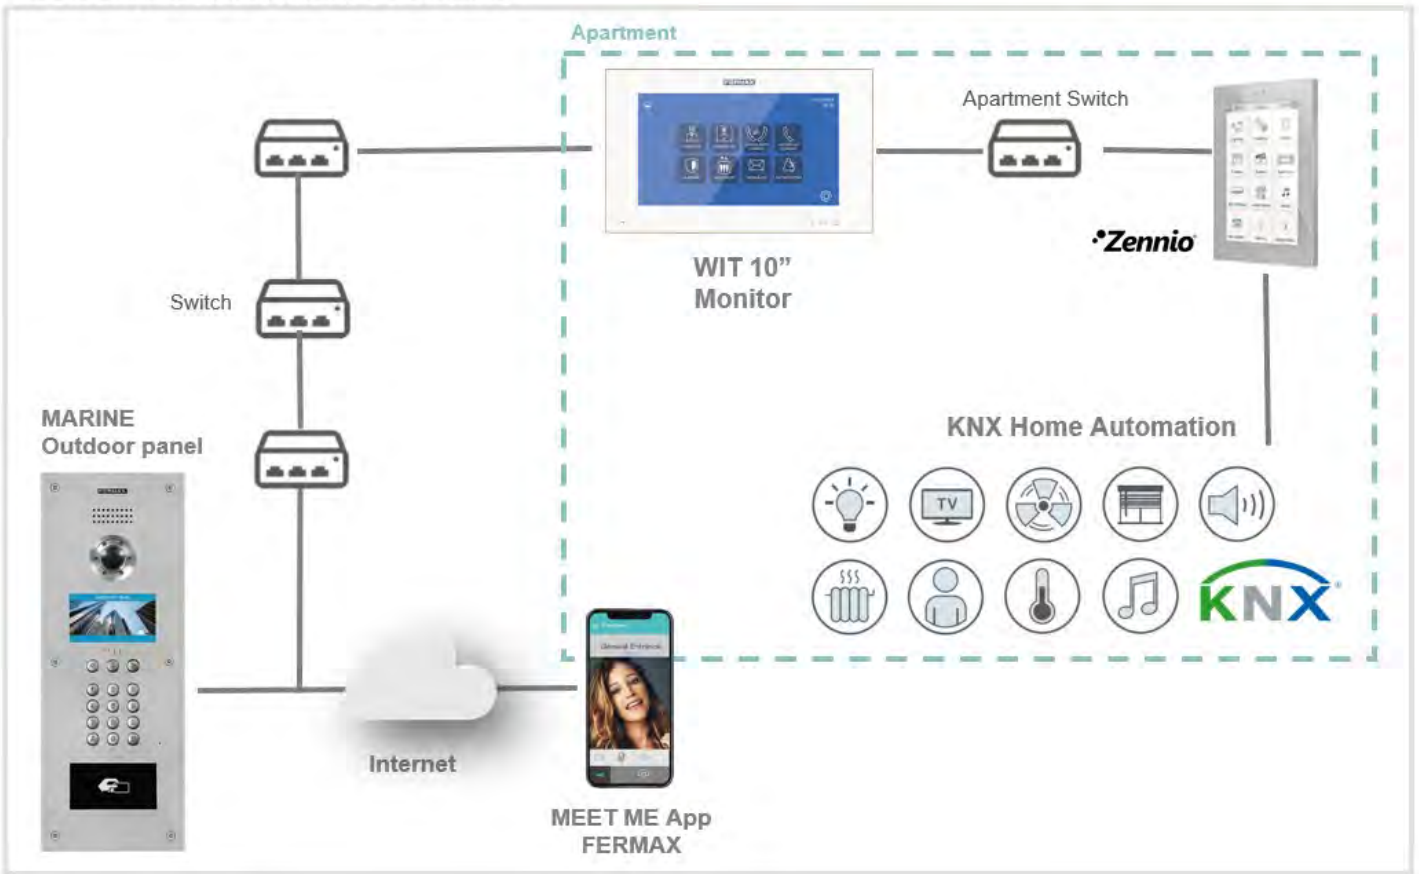

INSTALLATION REMARKS

Compatibility with ZENNIO devices is limited to the touch panels and webservers in z50, z70 v2 and z100.

WHY FERMAX?

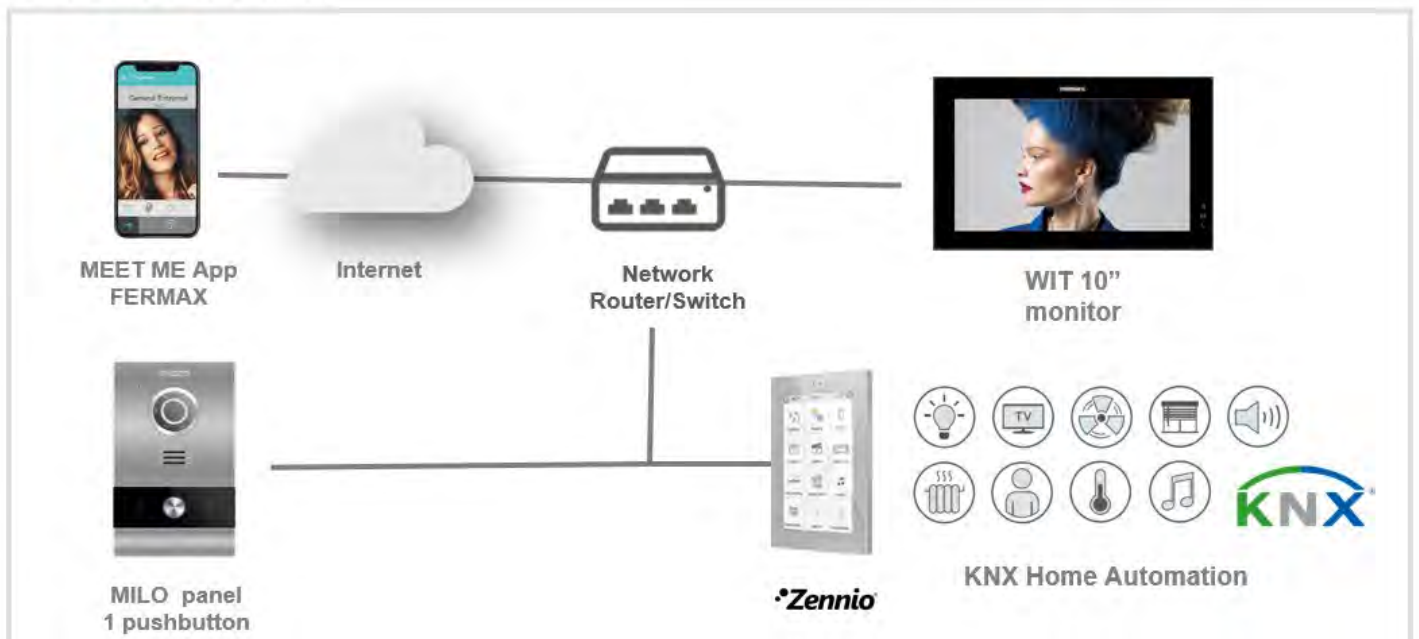

FERMAX is a worldwide reference in the video intercom industry. The products have been installed in the most emblematic projects in the world. FERMAX Distribution network, which is present in more than 70 countries, will provide the best Support and assistance.

RESIDENTIAL APARTMENTS BUILDING

Outdoor panel intercom call can be answered from ZENNIO touch screen panels. FERMAX MEET indoor monitors can also receive the call and provide the call divert to MEET ME app without additional costs.
